BRIEF SUMMARY OF THE COMPLAINT: I've complained for over 13 days of five Red Rashes and then started to spread over my body and begin to get larger in size. I showed C/O Funches and other C/O's and then thank God I was answered on 11/16/107 when I was taken to the Receiving Paramedic Ms Douglas of whom filled out a request form and did look at the many red spots on chest and arms and neck but could not give a clue as to the outbreak. She then stated that with her signature I'd be called to E.R. faster. Afterwards I was taken back to my living wing and cell over the course of the weekend at which I was told there were no doctors, the spots spread more and because more were appearing and I had to suffer and deal with it in fear. So on 11/19/107 I was seen by a Supt Hickerson of whom I showed this to as Supt Chico witnessed this and Supt stated if I ever had "Shingles" I said if he stated he'd get me to Doctor tomorrow but that never happen I have been denied medical attention over and over again at Cook County Jail and I've had serious issues. So with my complaint on 11/20/107, C/O Salmon told me that unless I was dying he couldn't do anything about it. I yelled and demanded medical attention, then paramedic "Douglas" came on wing and stated that on 11/16/107 she authorized me to be taken to the E.R. immediately and that C/O Herrera should of taken me but C/O Herrera states otherwise I seen a Doctor Casquio but still don't know the problem and we
